# RED CROSS HEALS \$1,441,486 A YEAR'S **WOUNDS OF WAR**

25,000 Disabled Ex-Service Men in Hospitals After Four Years of Peace.

CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets Individual Attention of Sympathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its August Roll Call for the enrollment of the 1923 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, not in four years. And on Armistics Day there will be under treatment in Government hospitals over 25,000 ex-service mentioned physically by wounds, exposure, nervous strain and exhaustics. incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their especial care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, alding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim ne-

2,679 Chapters Aiding Veterans 1 in this work, upon whose accomplishment the American Red Cross is who came from long distances to claim urging a record-breaking eareliment in tice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters

working together in harmonious unity. For the current fiscal year National Headquarters appropriated \$3,030,-892.90, an increase of \$365,500.84 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,-000 from their own funds, the grand total of Red Cross expenditures the this single work is expected again to reach the \$10,000,000 mark by June 30;

Hospital and District Office Work During the fiscal y. ar a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitule or district offices of the U. S. Veterans' Bureau. An average of 8,000. new cases requires definite and particular attention each mouth. The demand for Chapter-made articles for

hospital patients is constant. During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,560 allotment and allowance cases, and 9,700 miscell laneous claims. Since February, 1919, it has disposed of 64,174 allotment checks payable to veteralls which the Fost Office Department reported undeliverable.

The Chapter is the uffit of the Red Cross organization which is accessible to every disabled veteran or his fame ily. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,665,-079 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$5,340,000.

The basis of this far-reaching work of the Red Cross is the individualneeds of the disabled veteran to the end that he may obtain his rights under the law, that his especial wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may and fruitful effort.

Spread Christmas Jby Abroad More than 100,000 Christmas Bores for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans siready under way.

# DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States-Losses Fotal \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, arti more than 145,000 either homeless or requiring assistance, called for emetpenditure of \$1,441,486.36 by the er ending June 30, 1922, according statement based on the forth-Cross. The greatest till of life was tores by hurricane and tornado. thile the overflowing of rivers, the breaking of dams' and torrential rains drove the greatest number of people was estimated at more than \$30. om their homes. The property that

The year's disasters reported is cluded twenty-six floods, nineteen tornadoes; fifteen fires, four epidemics; two theatre collapses, two shipwrecks (one at airship), and a bridge con lapse, mine explosion, railway collision, and a drought. Of the floods in the United States that at San An-tonio, Texas, caused the greatest property loss, \$6,000,000 and the high mark of fatalities, 100, while the flood in the vicinity of Vicksburg and Katchez, Miss., forced 31,000 persons from their homes.

A' National Calamity in the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured. Situated in the center of the beautiful Northwest residential section, this motion picture theatre was patronized by many persons of prominence both tional Capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrific snowstorm which, though it retarded, did not block Red Cross relief.

Airship Crash Finds Ald at Hand The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 34 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the response was immediate and relief furnished the survivors, also funds for

In the year's oversea record for ald rendered by the Red Cross are two fires in the Philippines, one in Manila, which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tonio, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 182 persons to wreckage. A food in San Salvador, with a deathtell of 50 and 2,000 reffigees, was also effectually handled by the local Chaptor of the American Red Cross.

Rellef Machinery Perfected The year has seen the further per fection of disaster relief administrative measures in every field of American Red Cross activity, and that the work muy be carried on to still greater secomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) to, and including, Thanksgiving Day (November 30):

## Red Cross Roll Call Heard World Around

The Annual Roll Call of the American Red Cross for registration of the membership for 1923 will begin on Armistice Bay, November 11, and close on Thanksgiving Day, November 30. The ground work for this stupendeus task of re-enrolling the membership throughout the world has been laid in a plan for the first complete and comprehensive system of registration of the Red Cross membership in all its 8,300 active Chapters at home and abroad!

An important feature of the roundthe-world Roll Call campaign will be a universal effort to re-enlist the service of war-time Red Cross workers in the peace program by their participation in the Boll Call. In this way more affliate with the work of the Red Cross in its manifold phases. Cooperation also has been assured by Government and private maritime in terests in a deep-sea Roll Call that is designed to reach every member er potential member in every part of the world who may be en voyage or temporarily in any port.

Thousands of Chapters will adopt the home canvass plan of enrollment which originated in Pittsburgh, where last year it resulted in a membership increase of 50 per cent. All records in this year's campaign will be kept on standard size cards to be filed by each Chapter for future use.
